

Driving Directions

Tignes Les Brévières is approximately 600 miles/10 hours from the channel ports and all but the last 12 miles is dual carriageway. Departing from Calais, follow the signs to Reims, Troyes, Dijon, Lyon, Chambéry, Albertville, Moutiers, Bourg St. Maurice, Tignes and finally Tignes les Brévières. (Remember to be very careful on the last section of the journey from Albertville into Moutiers, as the traffic police are there nearly every weekend with on the spot speeding fines.)

Take care if using a Sat Nav when travelling to Tignes les Brévières from Geneva. Program the route via Annecy and Albertville, otherwise the directions can you take through mountain passes that are only open during the summer.

After Bourg St. Maurice, be sure to branch right in the village of Séez. Further up the mountain through the villages of St. Foy and la Tuille, watch for the right turn to Tignes les Brévières (if a junction is reached where the road splits left for Val d'Isère and right for Tignes, over the hydro electric dam, the turn to the village has been missed). One mile after the turn to the right for Tignes les Brévières, enter the village, passing the bus stop and Tabac on the right. The Chalet Bonjour-Bonjour is the first building on the left, 100m past the bus stop. Continue down the village for a further 200 meters. Pull up just by the small road up to the left immediately following the Post Office and ESF ski school building. Walk up this little road adjacent to the ski school building. Take the path ahead of you, which veers slightly to the right and follow it as it bears right and then left through some small pine trees. The Bonjour-Lo Soli is about 20 meters up on the left.

Car Park

There is no parking directly outside the chalet . However there is a large free car park only 100m further down the road.

Directions if catching the train

Coming out of the train station at Bourg, cross the road and the coach station is opposite. Coaches are timed to leave shortly after the train arrives. There is always a queue for tickets, so try to be first off the train. Ask for the Tignes bus and specify Tignes les Brévières to the driver so that he will take the turn into our village and not continue to Tignes without stopping at Tignes les Brévières. From the bus stop walk down the main street towards the slopes, passing the Tabac on the right. The Chalet Bonjour-Bonjour is the first building on the left, 100m from the bus stop. Continue down the village for a further 200 yards. On the left is the Post Office and ESF ski school building. You may park here to unload. Walk up the little road adjacent to the ski school building. Take the path ahead of you, which veers slightly to the right and follow it as it bears right and then left through some small pine trees. The Bonjour-Lo Soli is about 20 meters up on the left.
